

BETTER THAN BOURBON

KEY OF D 4/4 142BPM

LYRICS & MELODY BY STEPHANIE QUICK

ARRANGEMENT BY LOGAN MURPHY & STEPHANIE QUICK

Verse

A/C# D D A G
I have learned a special kind of dark
EM D/F# D A G
In life's monotony and hardening of heart
I could write a novel now with nothing profound
Surrounded by the bottles I alone have emptied out

Chorus

EM A/C#
But You are better than bourbon
D D/F# G
Better than whiskey, better than wine

We know that life is hard, so God made the moon to shine
But there's not a shot glass on earth that could save me tonight
I have searched the corners, turned the cupboards upside down
Only to find my Maker's now the One who marked me out

Chorus

For all that I had thought a myth, Your grace and mercies crown
For all of my anxieties, Your comforts hound me down
I could never hide my shame from the One who made my skin
You know every hair on my head; every shower I've collapsed in

Chorus

You are better than bourbon
Better than whiskey, better than wine

EM A/C# D D/F# G
You are the Father of lights, Father of glory
You can brighten up the thousand shadows in me

But You are better than bourbon
Better than whiskey, better than wine

EM A/C# G
And You're better than life

Well, the wind it comes and goes, like eternity in time
But I'm looking for the One I love, lest in regret I die

If heaven can be taken by violence in the night
I will rise and I will seek, until Him I find

And Jesus, we are gonna dance or fight tonight

AM

Is bleeding red, here in this wilderness

But you've got all these other trusts

In your confused heart's allegiances

Not one belongs inside this hedge

I'll bind up every lust you've found

Chorus

DM

Two things that show no mercy

Foxes, those thieves

Verse

They say that bitterness

It'll be the death of fallen flesh but I have seen

Ego do the very same thing

Even all your hidden thoughts

Every decision you think I'm not aware of

in all the tangles you've been caught

I'll string up every fox you've fed,

idolatrous dreams that want to see you dead

Chorus

Sleep is where voices and dreams
Compete for love and clarity
I'm already all settled in
How could You ask me to uproot again?

One day I'll shine just like my Father
When I reign with Him
So I will pay the cost of every loss
To gain what I can't miss
Because it's death

Verse

There is now no condemnation
For any son an heir
So with my numbered days of conquering
I'll bust this alabaster
So when my trumpet sounds, my body's found
And my rotten coffin splits
I'll know it's death
To kill disobedience

Chorus

You shall love the Lord your God with all
Your heart soul strength and mind

THE PARABLE

KEY OF D

LYRICS & MELODY BY STEPHANIE QUICK

ARRANGEMENT BY LOGAN MURPHY & STEPHANIE QUICK & JAYE THOMAS

Well let me say it clearly
So you don't miss anything you've heard
We'll close this age for the Garden
There ain't no "end of the world"

See what happened in Eden
Was a glimpse of all to come
Word, light, life, covenant
Covering and confession

Our Mother of All Living
She was promised then a Son
Who will war against the liar's seed
And triumph over all

The first man in the Garden
Was a type of Him to come
From his side, a bride who died
Joined in the grave by her husband

Adam's treason was his failure
And hers to buy deception
But the better Word that washes her
Will bring us to the resurrection

Don't ignore your invitation
Or despise the mysteries
He set the stage of the ages
To display manifold glory

In Egypt every firstborn
Was spared when Death passed by
But the bloody Lamb is the bloody Man
Who stood in when Avraham gained a ram

The One Zipporah wouldn't know
The Bridegroom of Blood Ruth welcomed
The price Hosea paid for Gomer
What Judas Iscariot made as a traitor

Immanuel's veins are the fountain
Perfect Judge, the better Flood
In His Name you are rescued
From self-wrought destruction

Yet if you are not covered
If you have not yet confessed

BALLADS OF THE SONG OF SOLOMON
FAI STUDIOS

You've not yet known the One
Who rescues in the wilderness

For when this show crescendos
When Zion is saved from the sword
In the Greater Exodus
Every eye alive will see the LORD

One day soon He'll set the feast
The finest wine, the fattest meats
But to enter this Garden you must confess
The only King of Heaven, Earth, and Jerusalem

From the highways and byways
Compel them all to come
Come to the wedding
The joy of the righteous One

O, come to the wedding
Come to the wedding
So come to the wedding
Yeah, come to the wedding

For the Kingdom of Heaven
Is like a prodigal God
Preparing a wedding
For His beloved Son

So come to the wedding
Come to the wedding
Come

Maranatha, marry us.
